Prior to the curing of such Buyer Event of Default by Buyer, Parent may sell Purchased Uranium to any third parties in its discretion at prices agreed with such third parties, provided that for greater certainty such third party sales shall in no way reduce Parent's delivery obligations to deliver any Purchased Uranium that Parent would have been obligated to deliver but for such suspension once the Buyer Event of Default is cured.

8.5 Indemnity

- (a) Each Party agrees to indemnify and save harmless the other Party and its respective Affiliates and its and their respective directors, officers, employees and agents from and against any and all Losses suffered or incurred by any of the foregoing persons in connection with:
 - (i) any material inaccuracy in or material default or breach of any representation or warranty of such Party or any of its Affiliates contained in this Agreement;
 - (ii) any material breach or default by such Party or any of its Affiliates of any covenant or obligation to be performed by it pursuant to this Agreement;
 - (iii) in the case of indemnification by Parent, a Parent Event of Default;
 - (iv) in the case of indemnification by Buyer, a Buyer Event of Default;
 - (v) a failure by such Party to make a deduction, withholding, charge or levy for or on account of Taxes pursuant to this Agreement; and
 - (vi) pursuing any remedies that the other Party is entitled to hereunder.
- (b) This Section 8.5 is:
 - (i) a continuing obligation, separate and independent from the Parties' other obligations and survives the termination of this Agreement; and
 - (ii) absolute and unconditional.

- (c) It is not necessary for a Party to incur expense or make payment before enforcing a right of indemnity under this Agreement.
- (d) Upon written demand by a Party, the other Party shall promptly pay all Losses owing to the demanding Party within 10 Business Days, or provide written notice within such 10 Business Day period that the other Party disputes the amount of such Losses and shall then promptly pay the amount determined upon settlement of such dispute; *provided* that the other Party shall pay to the demanding Party any amount not in dispute, and if any such written notice is not provided within such 10 Business Day period, then the other Party will be deemed to have agreed with the Losses demanded by demanding Party.

8.6 Expropriation Event and Sharing of Compensation

- (a) Notwithstanding any other provision of this Agreement, upon the occurrence and during the continuance of an Expropriation Event after the Closing Date, Parent shall promptly notify Buyer of such occurrence, and all obligations of the Parties set out in Article 2 (but in the case of an Expropriation Event, only to the extent that such obligations relate to the portion of the Project to which the Expropriation Event pertains (such portion being the “**Affected Property**”)), including Parent’s obligation to deliver uranium to Buyer, shall be suspended and not accrue while such Expropriation Event exists. In the event that such Expropriation Event subsequently ceases to exist, all obligations of the Parties under this Agreement which were suspended pursuant to this Section 8.6 shall automatically resume from and as of the date that such Expropriation Event ceases to exist.
- (b) At no time and under no circumstances shall all or any portion of any payments made under this Agreement be reimbursed as a result of the occurrence of an Expropriation Event.
- (c) Without limiting the generality of this Section 8.6:
 - (i) any loss of ownership or control over the Project or any Affected Property as a result of an Expropriation Event shall not constitute a Transfer, or a Change of Control of any entity, for any purpose under this Agreement; and
 - (ii) any portion of the Project that becomes an Affected Property as a result of an Expropriation Event shall (for so long as the Expropriation Event is continuing) be deemed not to be part of the Project for any purpose under this Agreement.

8.7 Disputed Reports

- (a) If Buyer disputes any invoice, report or quantity of uranium previously delivered pursuant to this Agreement, Buyer shall deliver written notice (a “**Dispute Notice**”) to Parent within thirty six (36) months from the delivery of such invoice, report or quantity (failing which Buyer shall be deemed to have accepted such invoice, report or quantity and it will become final), in which event Buyer and Parent shall have 60 days from the date the Dispute Notice is delivered to resolve the dispute. If Buyer and Parent have not resolved the dispute within such period, then Buyer shall have the right to require Parent to deliver an Auditor’s Report with respect to the subject matter of the dispute. Each of the Parties agrees to deliver such

Books and Records as may be reasonably requested by the person completing the Auditor's Report.

- (b) The costs of the Auditor's Report shall be paid by Buyer, unless the Auditor's Report concludes that the Payable Uranium for the period covered by the Dispute Notice is greater than the number of pounds of uranium actually delivered in respect of such period, in which event the cost of the Auditor's Report shall be for the account of Parent.

8.8 Disputes

If a Dispute arises between the Parties, the Parties shall promptly and in good faith attempt to resolve such Dispute through negotiations conducted in the following manner:

- (a) the disputing Party shall give written notice to the other Parties to the Dispute, which notice shall include a statement of the disputing Party's position and a summary of the arguments supporting its position;
- (b) within 20 days after receipt of such notice, each receiving Party shall submit a written response to the disputing Party which shall also include a statement of the receiving Party's position and a summary of the arguments supporting its position;
- (c) the Chief Executive Officer or President of each of the Parties to the Dispute shall meet at a mutually acceptable time and place, but in any event within 30 days after issuance of the disputing Party's written notice, to attempt to resolve the Dispute; and
- (d) if the Dispute has not been resolved within 10 days after such meeting, any Party may pursue all other rights and remedies available under Applicable Law.

Article 9

ADDITIONAL PAYMENT TERMS

9.1 Payments

All payments due by one Party to another under this Agreement shall be made in United States dollars and shall be made by wire transfer in immediately available funds to the bank account or accounts designated by the other Party in writing from time to time.

9.2 Taxes

- (a) Subject to Section 9.2(b), all deliveries of Purchased Uranium and all amounts paid hereunder shall be made without any deduction, withholding, charge or levy for or on account of any Taxes unless required by Applicable Law. If any such Taxes are so required to be deducted, withheld, charged or levied by the Party making such delivery or payment, then such Party shall make, in addition to such delivery or payment, such additional delivery or payment, as applicable, as is necessary to ensure that the net amount received by the other Party entitled to such delivery or payment (free and clear and net of any such Taxes, including any Taxes required to be deducted, withheld, charged or levied on any such additional amount) equals the full amount such other Party would have received had no such deduction, withholding, charge or levy been required. Any additional payment or delivery by a Party to Buyer under this Section 9.2(a) shall not reduce the amount of any

uncredited payments under this Agreement (as such amount is determined in accordance with Section 2.4).

- (b) Notwithstanding Section 9.2(a): (i) Parent shall not be required to provide any gross-up or additional amounts under this Section 9.2 to the extent such requirement arises because of: (A) an assignment by Buyer pursuant to Section 10.13(c) to an assignee, or (B) a consolidation, amalgamation, merger, reorganization, change of control or similar corporate event, in either case such that the successor to Buyer is not resident in Labuan, Malaysia and such gross-up or additional amounts would not have arisen had such successor to Buyer been resident in Labuan, Malaysia; and (ii) Buyer shall not be required to provide any gross-up or additional amounts under this Section 9.2 to the extent such requirement arises because of: (A) an assignment by Parent pursuant to this Agreement to an assignee, or (B) a consolidation, amalgamation, merger, reorganization, change of control or similar corporate event, in either case such that the successor to Parent is not resident in Nevada, United States of America and such gross-up or additional amounts would not have arisen had such successor to Parent been resident in Nevada, United States of America; provided that in each case the Parties will co-operate in good faith so as to not adversely affect the Tax payable by another Party.
- (c) Upon the written request of the Party (or its Affiliate) required by Applicable Law to make any deduction, withholding, charge or levy for or on account of any Taxes in respect of a delivery or payment referred to in Section 9.2(a), the Party entitled to receive such delivery or payment shall provide the first-mentioned Party (or its Affiliate) with any executed forms, statements or certificates necessary for such first-mentioned Party (or its Affiliate) to make such deliveries and payments free and clear of any applicable deduction, withholding, charge or levy in accordance with Applicable Law; provided that the Party entitled to receive such delivery or payment shall not be required execute such forms, statements or certificates if it would have an adverse impact on such Party or its Affiliates.

9.3 New Tax Laws

In the event that any new Tax is implemented, or there shall occur any revision in, implementation of, amendment to or interpretation of any existing Tax, in each case that has an adverse effect on any of the Parties or any of their Affiliates in respect of the transactions contemplated by this Agreement, then Parent and Buyer agree that they shall negotiate in good faith with each other to amend this Agreement so that the other Parties and their Affiliates are no longer adversely affected by any such enactment, revision, implementation, amendment or interpretation, as the case may be; provided that any amendment to this Agreement shall not have any adverse impact on Parent and its Affiliates on the one hand, and Buyer and its Affiliates on the other hand.

9.4 Set Off

Any dollar amount not paid when due by a Party or any Overdue Uranium Pounds may be set off by the other Party against any dollar amount or Purchased Uranium owed to such Party by the other Party. Any amount of Purchased Uranium set off and withheld against any non-payment by a Party shall be valued at the Uranium Market Price as of the date that such amount of Purchased Uranium first became payable to such Party. Any dollar amount set off and withheld against any Overdue Uranium Pounds shall result in a

reduction to the Overdue Uranium Pounds by that number of pounds equal to the dollar amount set off divided by the Uranium Market Price as of the day such dollar amount first became payable.

9.5 Judgment Currency

If, for the purpose of obtaining or enforcing judgment against any Party in any court in any jurisdiction, it becomes necessary to convert into a particular currency (the “**Judgment Currency**”) an amount due in another currency (the “**Indebtedness Currency**”) under this Agreement, that conversion will be made at the rate of exchange, which shall be that at which, in accordance with its normal banking procedures, the non-defaulting Party could purchase the Indebtedness Currency with the Judgment Currency on the Business Day immediately preceding the date on which judgment is given (or if received on a day other than a Business Day, on the next succeeding Business Day), or, if permitted by Applicable Law, on the day on which the judgment is paid or satisfied (the “**Rate of Exchange**”). If, as a result of a change in the Rate of Exchange between the date of judgment and the date of actual payment, the conversion of the Judgment Currency into Indebtedness Currency results in the non-defaulting Party receiving less than the full amount of Indebtedness Currency payable to the non-defaulting Party, the defaulting Party agrees to pay the non-defaulting Party an additional amount (and in any event not a lesser amount) as may be necessary to ensure that the amount received is not less than the full amount of Indebtedness Currency payable by the defaulting Party on the date of judgment. Any additional amount due under this Section 9.5 will be due as a separate debt, gives rise to a separate cause of action, and will not be affected by judgment obtained for any other sums due under this Agreement.

Article 10

GENERAL

10.1 Further Assurances

Each Party shall execute all such further instruments and documents and do all such further actions as may be necessary to effectuate the documents and transactions contemplated in this Agreement, in each case at the cost and expense of the Party requesting such further instrument, document or action, unless expressly indicated otherwise.

Nothing in this Agreement shall be construed to create, expressly or by implication, a debt instrument between the Parties under any Applicable Law. No Party shall, or shall permit any of its Affiliates to, characterize the transactions

contemplated by this Agreement as involving any debt instrument for any purpose, including in filings, communications or other representations made with or to any Governmental Authority for Tax reporting, accounting, or financial reporting, unless such Party determines such characterization is necessary or appropriate including pursuant to Applicable Laws or IFRS.

- (b) Notwithstanding anything herein to the contrary, the Parties acknowledge and agree that Buyer holds no right, title or interest in the Project, and that this Agreement does not Transfer any right, title or interest in the Project to Buyer. Except to the extent security is granted to Buyer in connection with this Agreement, no right or obligation attributed to Buyer under this Agreement shall be considered a real property interest, or Transfer thereof, nor shall any such right or obligation run with the Project.

10.4 Governing Law

This Agreement shall be governed by and construed under the laws of the State of Nevada and the federal laws of the United States of America applicable therein (without regard to its laws relating to any conflicts of laws). The courts of the State of Nevada shall have non-exclusive jurisdiction to settle any dispute arising out of or in connection with this Agreement. No failure on the part of any Party to exercise, and no delay in exercising, any right under this Agreement shall operate as a waiver of such right. No single or partial exercise of any such right shall preclude any other or further exercise of such right or the exercise of any other right.

1.7 Assignment

- (a) This Agreement shall enure to the benefit of and shall be binding on and enforceable by the Parties and their respective successors and permitted assigns.
- (b) Except for Transfers made in accordance with this Agreement, Parent shall not Transfer all or any part of its rights or obligations under this Agreement without the prior written consent of Buyer, such consent not to be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, Parent may Transfer all (but not part) of its rights or obligations under this Agreement to an Affiliate without the prior written consent of Buyer if:
 - (i) Parent shall have provided Buyer with at least thirty (30) days prior written notice of the details of the proposed Transfer;
 - (ii) the transferee assumes in favour of Buyer all of Parent's obligations under this Agreement pursuant to a written agreement;

- (iii) the transferee complies with the conditions set forth in Section 3.2(a) *mutatis mutandis*, including in respect of the transferee, the assumption of obligations under Section and any Encumbrance under Section 10.13(b)(v);
 - (iv) such Transfer and any other actions and steps undertaken in connection with, or in relation to, such Transfer, including those required by this Section 10.13(b), would not be reasonably expected to:
 - (A) have an Adverse Impact (where, for purposes of this Section 10.13(b)(iv)(A), the reference to “Parent” in paragraph (d) of the definition of “Adverse Impact” shall instead refer to the transferee); or
 - (B) increase any Tax payable by Buyer, or increase the potential for any Tax to become payable by Buyer, unless the amount of any such additional Tax actually or potentially payable by Buyer is not material and would be reduced to nil after giving effect to the provisions of Section 9.2; and
 - (v) no Trigger Event has occurred that is continuing or will occur in connection with such Transfer or any other actions and steps undertaken in connection with, or in relation to, such Transfer, including those required by this Section 10.13(b).
- (c) Buyer shall not Transfer all or any part of its rights or obligations under this Agreement without the prior written consent of Parent, such consent not to be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, Buyer may Transfer all or any part of this Agreement to:
- (i) an Affiliate without the prior written consent of Parent; or
 - (ii) if a Parent Event of Default has occurred and is continuing, to any person, without the prior written consent of Parent, if:
 - (A) No payments required to be paid to Parent that have come due are outstanding under this Agreement;
 - (B) Buyer shall have provided Parent with at least thirty (30) days prior written notice of the proposed Transfer;
 - (C) such Transfer and any other actions and steps undertaken in connection with, or in relation to, such Transfer, including those required by this Section 10.13(c)(ii), would not be reasonably expected to:
 - (I) limit, restrict or impair the ability of the transferee to perform its obligations under this Agreement; or
 - (II) increase any Tax payable by Parent, or increase the potential for any Tax to become payable by Parent, unless the amount of any such additional Tax actually or potentially payable by Parent is not material and would be reduced to nil after giving effect to the provisions of Section 9.2;
 - (D) the transferee assumes in favour of Parent all of Buyer’s obligations under this Agreement; and

- (E) the transferee (x) taken collectively with its Affiliates, is not primarily in the business of the exploration, development and exploitation of mineral properties; and (y) is not a Restricted Person.
- (d) For greater certainty, any Transfer pursuant to Sections 10.13(b) or 10.13(c) shall not release the transferor of its obligations under this Agreement unless expressly agreed otherwise in this Agreement or in any other written agreement.

1.8 Invalidity and Unenforceability

If a provision of this Agreement is determined by a court of competent jurisdiction to be wholly or partially invalid or unenforceable in a jurisdiction:

- (a) it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability; and
- (b) that fact does not affect the validity or enforceability of that provision in another jurisdiction or the remaining provisions.

It is hereby declared to be the intention of the Parties that this Agreement would have been executed without reference to any portion which may, for any reason, hereafter be declared or held invalid.

1.9 Counterparts

This Agreement may be executed in one or more counterparts, and by the Parties in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile transmission or by sending a scanned copy by electronic email shall be effective as delivery of a manually executed counterpart of this Agreement.

[Execution Page to Uranium Purchase Agreement]

Schedule A – Project Description

The Madison North and Madison South Uranium projects are located in Namibia in the Erongo Uranium Province. Namibia is a mining friendly jurisdiction with a long history of uranium mining and exploration. The country has two active uranium mines and was the world's second largest producer of uranium in 2021. The Erongo region itself has excellent infrastructure including a seaport, an international airport, road, rail, water and power.

Madison North Uranium Project

The Madison North Uranium Project is made up of Exclusive Prospecting Licences (EPLs) 8531 and 7011. The project is located approximately 50 km northeast of the city of Swakopmund and covers a total area of 322 km². The Madison North Uranium Project borders the world's longest-running uranium mine, the Rössing Uranium Mine, to the southeast.

Previous operators identified five prospective uranium targets in EPL-8531. Two of the targets were followed up with drilling. The drilling campaign totalled 3,720 metres of reverse circulation (RC) drilling from 50 drill holes. Based on this drilling, SRK Consulting (UK) Limited ("SRK") prepared an initial mineral resource estimate for the intersected uranium mineralization, in accordance with the disclosure standards of JORC. The estimate, dated November 2015, was entitled "MINERAL RESOURCE ESTIMATE, EPLS3524 AND 3624, NAMIBIA". SRK derived an inferred mineral resource estimate of 15.6 Mt grading at 260 ppm U₃O₈ for a contained metal total of 9.0 million pounds (Mlbs) U₃O₈. Madison's attributable ownership of the resource will amount to 7.65 Mlbs U₃O₈. Madison considers this to be a "historical estimate" under National Instrument 43-101 – Standards of Disclosure for Mineral Projects ("NI 43-101") and would need to review and verify the previous drill-hole data and conduct an exploration program to verify the historical estimate as a current mineral resource.

EPL-7011 is relatively underexplored and is comprised of a favourable stratigraphic setting for Rössing-type deposits in the Central Namib. This includes sheeted alaskites intruding into the Khan Formation as well as synforms, antiforms and isoclinal folding. Exploration activities to date have focused on field validation of the uranium anomalies via a systematic ground radiometric and geological survey. The ground surveys delineated two main anomalies within alaskites in the southeast portion of the EPL; the southwesternmost anomaly with a strike extent of 650 m; and the northeasternmost anomaly with a strike extent of 3.4 km.

Madison South Uranium Project

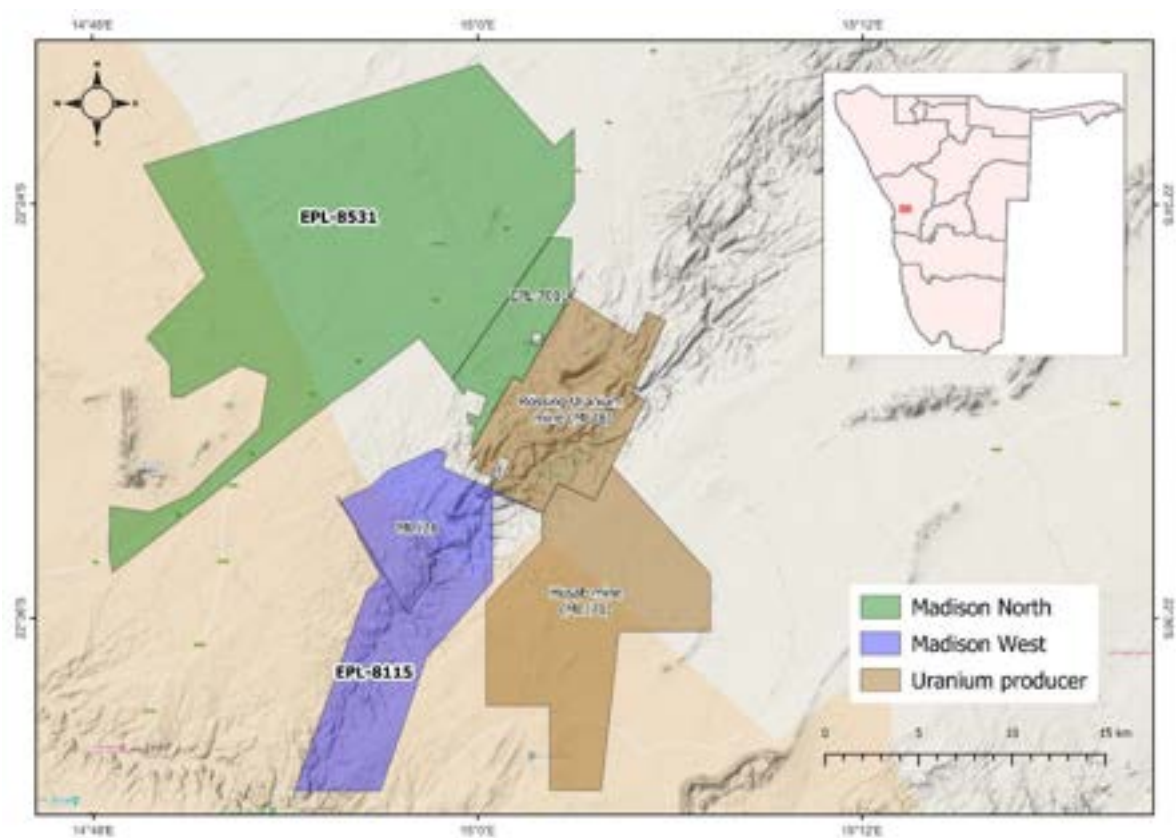

The Madison South Uranium Project is made up of Exclusive Prospecting Licence 8115 and Mining Licence 121 (EPL-8115 and ML-121). The project is located approximately 40 km east of the city of Swakopmund and covers a total area of 96 km². The Madison South Uranium Project lies approximately 9 km southwest of the Rössing Uranium Mine and 7 km west of the Husab Mine.

The ML-121 mining licence covers base and rare metals, dimension stone, industrial minerals, nuclear fuel minerals and precious metals. The area has significant potential for leucogranite-hosted uranium mineralization, given that its geological and structural setting bears a strong resemblance to the Rössing deposit, with uranium-bearing granites concentrated at the Khan-Rössing boundary within the north-

northeasterly trending deformation corridor of the Welwitschia magnetic lineament. Historical exploration work focused on the 2.3 km long radiometric anomaly in the northwest portions of ML-121. Anomaly was followed up with 6 diamond drill holes and 59 reverse circulation drill holes. Madison will undertake an independent review and verification of the data to define an NI 43-101 compliant resource.

EPL-8115 is largely underexplored and Madison plans to capitalize on the potential of this area. Geologically, the project area is comprised of units of the Abbabis Metamorphic Complex, intruded by leucogranites. Airborne radiometric data acquired from Namibia's Ministry of Mines and Energy shows anomalous radiometric signatures on the northern portions of the licence area. Madison considers EPL-8115 to be highly prospective for leucogranite-hosted uranium mineralization.
